

Electricity supply for small business customers within an embedded network:

Details and Disclosure Document

This document forms part of your agreement for the supply of electricity to your premises within Marina Square. It should be read in conjunction with our standard terms and conditions of electricity supply for small customers within an embedded network.

Charges

1. Energy Charges

Energy Charges as at the date of this document are as follows. Please note that these are subject to change (see further below). Evergy offer the following Small Business Rates:

Tariff: Electricity Small Business Single Rate

	c/kWh, GST-exclusive	c/kWh, GST-inclusive
Usage Charges	29.3900	32.3290
	c/day, GST-exclusive	c/day, GST-inclusive
Daily Supply Charges	150.0000	165.0000

Tariff: Electricity Small Business Time-of-use

	c/kWh, GST-exclusive	c/kWh, GST-inclusive
Peak	46.0000	50.6000

	c/kW/day, GST-exclusive	c/kW/day, GST-inclusive
Demand Charges	45.7400	50.3140

* Note: The applicable times for peak, shoulder and off-peak periods can be found on our website or Evergy's website. Demand Charges are applied to the maximum half hourly kW power reading over the 12 months prior to the bill being calculated. The chargeable kW reading occurs between 2pm to 8pm on working weekdays. The Demand Charge is in cents per kW per day and is calculated on the number of days in the billing period.

2. Variation in charges

We will review our Energy Charges at least twice per year, with a view to keeping them competitive with comparable pricing offered by the largest retailers. We will publish our revised Energy Charges on our website or Evergy's website, and we will also give you at least 10 Business Days' notice of the change.

3. Other charges (if applicable) as at commencement of supply:

A number of other charges may apply, depending upon your circumstances. Some of the more common charges, and the amount of them as at the commencement date, is set out below.

	Amount, GST-exclusive	Amount, GST-inclusive
Late payment fee	\$10.90 (GST Exempt)	\$10.90 (GST Exempt)
Bank Dishonour Fee (Direct Debit or Credit Card)	\$19.90 (GST Exempt)	\$19.90 (GST Exempt)
Connection charge Standard Connection¹	\$12.55	\$13.81
Connection charge Same Day Connection²	\$45.38	\$49.92
Move out disconnection charge	\$12.55	\$13.81
Disconnection charge – Due to Non-Payment	\$166.53	\$183.18
Special meter read validation charge	\$145.30	\$159.83

¹ Next available connection day; ² Connection request received before 2pm and technician available to reconnect

We reserve the rights to engage a third-party collection agency to recover any amounts outstanding after the due date of your final invoice. Any additional fees and charges associated with the collection of debt after the due date of the final bill will be charged against you as additional debt due and owing.

A full list of charges that may apply, depending on your circumstances, can be found on our website or Evergy's website. These charges and their amounts may change from time to time, on at least 10 Business Days' notice.

4. Network charges

If you later decide to buy your electricity from a different supplier who is an authorised electricity retailer, you will still need to pay us network charges for as long as you occupy the premises, as we in turn will still continue to incur such costs in respect of your premises. You should make arrangements with your new authorised electricity retailer to ensure that the charges you pay it do not include a component for this, unless it is part of an arrangement under which the new retailer agrees to pass those charges on to us (so that you can pay the new retailer instead of us).

These network charges will be calculated on a "shadow pricing" basis, meaning that the charge will be equivalent to the charge you would have paid your local electricity distributor had your premises been connected directly to their wiring. For this purpose, the charge will be taken to be calculated on a time of use basis.

5. Concessions or rebates

Information on various government concessions or rebates and eligibility requirements to receive them will be published on our website or Evergy's website. It is your responsibility to determine whether you are eligible for any particular concession or rebate.

6. Bill frequency

We will bill you monthly for the charges.

7. Payment difficulties

If you are unable to pay your bills due to financial difficulty, please contact us so we can discuss options to assist you.

General

1. About us

- (a) As explained in our terms and conditions, Evergy Pty Ltd ACN 623 005 836 (**Evergy**) acts as agent for Marina Square Retail Pty Ltd ACN 605 329 637 (**Marina Square**). Marina Square is the holder of a retail exemption under the National Electricity Law, under which Marina Square is permitted to sell electricity to you. A reference to “we” or “us” in this agreement is a reference to Marina Square (not Evergy), and it is Marina Square (rather than Evergy) who is the legal party to this agreement. However, you will generally deal with Evergy, on behalf of Marina Square, in matters relating to this agreement. Marina Square’s exemption for small commercial/retail customers is Class R1.
- (b) A person selling electricity under a retail exemption is not subject to all of the obligations of an authorised retailer, and you do not receive the same regulatory protections as you would if you were purchasing from an authorised retailer. The conditions applicable to retail exemptions can be found in the Australian Energy Regulator’s Exempt Selling Guideline on its website.
- (c) You have the right to purchase electricity from another supplier who is an authorised electricity retailer should you wish. Your meter may need to be changed to accommodate this.

2. Term and cooling-off period

(a) No fixed term

This is not a fixed term contract. You can give us notice at any time that you wish to terminate this agreement. No penalty or early termination fee will apply if you wish to do this.

(b) Cooling-off period

You have a 10 Business Day cooling off period during which you may cancel this agreement without any charge or penalty. That cooling off period commences on the later of the date you enter into this agreement, and the date that you receive the Disclosure Information about this agreement. We may delay supply of electricity to your premises until the expiration of the cooling off period. If we do supply electricity during this period, you are not required to pay for it if you cancel this agreement during that period. If you wish to cancel this agreement during that period, you must notify us, orally or in writing, clearly indicating your intention to cancel this agreement.

3. Credit check and security deposit

You give us your permission to obtain a credit check of your credit history.

If and to the extent permitted by the Regulatory Instruments, we may ask you to provide a security deposit, or vary the amount of a security deposit, after you enter into this agreement.

4. Electronic communications

If you provide us with an email address for bills, we will send bills electronically to that email address. Similarly, if you provide us with a contact email address for receiving notices electronically, we may send notices and other documentation to that email address. In each case this will be sufficient for us to assume that you have received the documentation or information. We will not be required to send you physical copies to a postal or street address, unless you asked for that at the time of sign-up or contact us asking for that to change going forward. We are entitled to assume that an electronic communication to us from those email addresses is from you.

5. Variation of this agreement

We may from time to time vary this agreement going forward. We will give you at least 10 Business Days’ notice of any such change. If you do not terminate this agreement effective from before the change comes into effect, you agree to comply with the agreement as varied.

6. Transfer of this agreement

- (a) If another person, instead of us, becomes entitled to onsell electricity to your premises within the embedded network, we may transfer our rights and obligations under this agreement to that person, and notify you of that transfer.
- (b) Such a transfer may include a transfer from Marina Square (for which Evergy acts agent) to Evergy, upon Evergy becoming an authorised electricity retailer and becoming permitted to sell electricity under that authorisation, or to another authorised electricity retailer. In that case, Evergy (or the other authorised retailer) will be selling under a retailer authorisation, not under a retail exemption, and this agreement will become a retail contract under the National Energy Retail Law and National Energy Retail Rules.
- (c) You consent to any such transfer, without the need for any further documentation or agreement, and you agree to comply with this agreement in favour of that person.

7. Complaints and dispute resolution

- (a) If you have a query, complaint or dispute, you can contact us using the contact details in clause 8 below.
- (b) We will handle a complaint in accordance with our standard complaints and dispute resolution procedures, which can be found on our website or Evergy's website, or provided to you on request. We will inform you of the outcome of our review of your complaint.
- (c) If you are not satisfied with our response to the complaint, you may refer the complaint or dispute to the energy ombudsman, where the ombudsman has jurisdiction.
